

SIXTY NORTH GOLD AMENDS AND EXTENDS ITS EARN-IN AGREEMENT WITH NEW DISCOVERY MINES LTD.

VANCOUVER, British Columbia, April 28, 2020

Sixty North Gold Mining Ltd. (the “Company” or “Sixty North Gold”) – (CSE:SXTY, Frankfurt:2F4, OTC-Pink: SXNTF). Further to the Company’s press release dated October 21, 2019, the Company is pleased to announce that it has amended its agreement with New Discovery Mines Ltd. (“NDM”) to earn a 100% interest in the past producing Mon Gold Property. The new agreement revises the milestones for the Company’s right to earn up to a 100% interest in the Mon Gold Property, NWT, by incurring Expenditures of at least \$6.0 million on the Mon Gold Property (of which \$2.4 million has already been incurred), which right has been revised to the following:

1. The Company shall pay NDM an extension fee of \$150,000 on or before June 30, 2020;
2. On or before September 30, 2020, the Company shall deposit an additional \$1.5 million to NDM to be spent on the Property as agreed on the last approved budget; however, if substantial progress on a new equity financing for the Property is made by that time, the parties in good faith shall agree to extend this date to October 31, 2020;
3. On or before April 30, 2021, the Company shall deposit to NDM the balance of funds to make the Company’s total investment in the Property equal to \$6 million; however, if substantial progress on a new equity financing for the Property is made by that time, the parties in good faith shall agree to extend this date to May 31, 2021; and
4. All other terms and conditions of the Earn-In Agreement not in conflict with the above shall remain in full force and effect.

NDM is a private company partly owned and controlled by David Webb, Ph.D., P. Geol., P. Eng., the President & CEO of Sixty North Gold.

John Campbell, Chairman and CFO of Sixty North Gold, said, “We are pleased to have agreed with NDM the revised schedule to funding the key milestones for the company, which should allow us to build the winter road and deliver equipment to site early in 2021, in preparation for a bulk sample of the underground, former-producing A-Zone. This schedule revision was required due to the disruptions to capital markets caused by the COVID-19 crisis.”
